

BXST

Voltage protector

Model: BX-V004

Introduce

BX-V004 it's a family type voltage protector. Suitable for TV, computer, refrigerator and other types of electrical equipment with power less than 1800W.

Specification

Working voltage/Frequency	120VAC/50HZ/60HZ		220VAC/50HZ/60HZ
Under voltage protection	90VAC		165VAC
Over voltage protection	135VAC		260VAC
Maximum working power/current	1800W/15A		3300W/15A
Delay time	30S	180S	180S
Working environment	-10°C~+55°C		
Size	39*61*85mm		
Shell material	PC		

Features

1. Over / under voltage: when the voltage exceeds the limit value, the power supply will be cut off automatically to prevent the damage to the electrical appliances caused by the voltage too high or too low.
2. Phosphor copper parts: excellent conductivity, corrosion resistance and wear resistance.
3. Flame retardant shell: meet ul94-5va level test standard.

Warning

- ※ The total power of the connected electrical equipment shall not exceed the rated power.
- ※ This product cannot be used in a humid, non-ventilated environment.
- ※ Non-professionals are not allowed to open, modify, repair or maintain this product.
- ※ Poor contact at the front end or poor contact at the insert may cause danger.
- ※ It is forbidden to burn or keep away from fire.
